

# Azlon

## Bottles, Wash, LDPE, Round, Wide Neck

These high quality washbottles are supplied in flexible, natural polyethylene and are fitted with a range of colour coded, leak-proof, wide neck polypropylene spout closures.

The wide neck offers safety benefits due to easy spill free filling, and the acute angled, precision moulded dispensing spout, ensures a consistent, downward pointing jet. The wash bottles are supplied in shrink-wrap packs of five. All feature S.P.I. recycling codes on their base.

Reference	Capacity ml	Closure colour
WGW230P	250	White

WGW443P	1000	White
WGW445P	1000	Red
WGW444P	1000	Yellow
WGW447P	1000	Green
WGW446P	1000	Blue

## Bottles, Wash, LDPE, Wide Neck, Printed, Solvent Venting

These high quality washbottles feature a unique patent applied for valve mechanism which automatically vents volatile solvent vapour eliminating the common, irritating and potentially hazardous problem of solvent drip.

The bottles are based on the easy to fill wide neck Azlon design and are available printed with a choice of common volatile solvent labels complete with the latest hazard information and instructions for use. The custom/DIY design features printed write on areas which allow you to create your own suitable solvent label\*. The DIY bottles come complete with adhesive orange and black hazard symbols. Also available are a range of non venting bottles labelled for water. All the bottles feature S.P.I. recycling codes on their base and are supplied shrink wrapped in convenient packs of five.

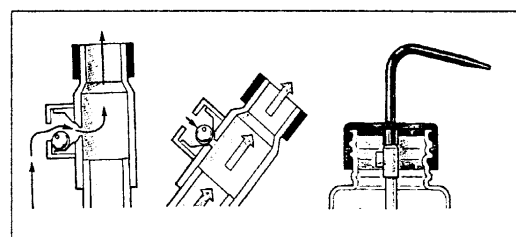

Reference	Capacity ml	Printing label	Closure colour	Venting valve
<b>Standard solvent venting washbottles printed with choice of solvent</b>				
WGW531VT	250	Acetone	Red	Yes
WGW537VT	500	Acetone	Red	Yes
