

AVP754 Vandal Proof Acoustic Panel...

AVP754 - 100w

Description:

Amina Vandal Proof Units are strong yet elegant, designed to give all the advantages of NXT sound, but with added protection against vandalism, accidents or frequent transportation.

Features:

- Slimline design
- Rugged steel mesh enclosure
- Hidden mountings
- Grey or black finish

Benefits:

- Resistant to abuse
- Clear, reverberance-tolerant sound
- Low profile
- Highly intelligible announcements

Applications:

- Railway Stations
- Car Parks
- Shopping Malls
- Public Walkways
- Waiting Rooms
- Touring Roadshows

APP552 PowerPlus Acoustic Ceiling Panel...

APP552 - 50w

Description:

The Amina PowerPlus Ceiling Speaker retro-fits a standard 600 x 600mm ceiling tile. It is tough, very lightweight and fire resistant. Designed to give that extra power for further versatility.

Features:

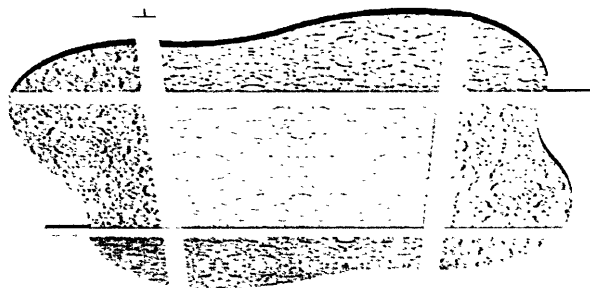

- Lightweight and strong
- Built-in 100V Line transformer
- Colour white as standard (though can be coloured or logos added to customers requirements as specials)
- Reduces feedback

Benefits:

- Simple and quick to install
- Covers a wide area
- Even sound dispersion
- Blends in well with decor

Applications:

- Offices
- Restaurants
- Court Houses
- Public Buildings
- Conference Rooms
- Meeting Houses
