4 J. MUFF

Ever popular 'J' Muff ear defender available in blue, white, orange or yellow. High-impact polystyrene acoustic foam-filled cups with foam pads fitted to glass filled nylon headband to minimise distortion.

5 E. MUFF

Economically priced ear defender. Black high-impact polystyrene acoustic foam-filled cups with yellow foam pads fitted to glass filled nylon headband.

ATTENUATION

All Johnstone Safety **INVINCIBLE** ear defenders are fully attenuated and tested in accordance with BS5108 at the University of Salford. Attenuation guides are provided with every ear defender and details are available from Johnstone Safety Limited. **INVINCIBLE** ear defenders are individually polywrapped. Hygiene kits, spare seals and foam cup inserts are available.

BRITISH STANDARDS – BRITISH MANUFACTURE

All **INVINCIBLE** ear defenders are kite marked to BS6344 Part 1. All models are designed, developed and manufactured in the UK.
