

CIRCULAR CONNECTORS

Series

Series 92 offers customers a wide range of circular connectors suitable for the vast majority of industrial and commercial applications.

Integral to the overall Series 92 design concept are a number of key features and benefits for users:

- A comprehensive range of planforms and configurations, which allow customers to select the most effective connector for their needs.
- Available in solder or crimp termination (for certain planforms only).
- A robust design which ensures efficiency and reliability wherever the connectors are used.
- Design features which conform to IP-67 [IEC 625] or greater, on request.
- A functional design which is both simple and easy to use.

Completely compatible with our earlier ranges (61, 83 and 85), Series 92 offers outstanding design characteristics combined with the quality and reliability you would expect from a company with CEEP's experience in the connector field.

TECHNICAL DATA

Mechanical

Shell _ _ _ _ _ Aluminium alloy

Protection ____ Electroless nickel

Insulator ____ Thermoset (Standard version, except...)

Neoprene (222P/CD, 337P/CD)

Thermoplastic (19CD, 23CD,

28CD, 319CD, 419CD, 434CD)

PPS (419CD only)

Contact _ _ _ _ Machined brass

Plating _ _ _ _ Gold over nickel

Climatic

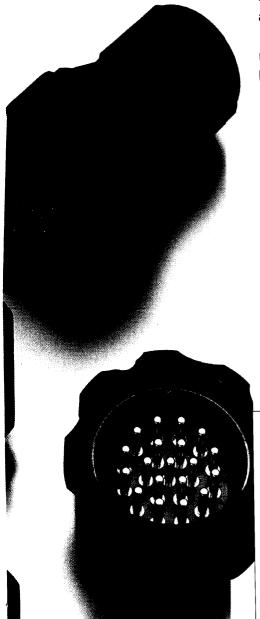

Resistant to saline atmosphere 96h IEC 68-2-11

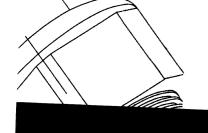

Working Temperatures: Thermoplastic -35- + 85°C

Neoprene -40°C + 120°C

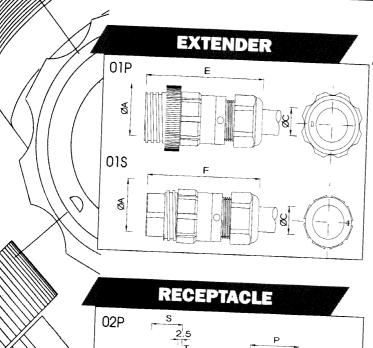

Thermoset -40°C + 120°C

Conforms to technical specifications CCTU 08.07 and IP67
