Aisle Markermatic/Roll Mounted Dots

A patented Brady exclusive

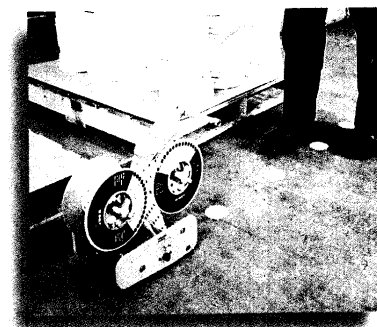

The Brady AMA-2 Aisle Markermatic automatically dispenses, spaces and applies 50 mm and 75 mm diameter Brady Roll Mounted Aisle Marking Dots at 31 cm intervals. A single roll of dots will mark over 300 lineal meters of aisle or passageway.

Economical to use system

One person can mark over 800 meter per hour with ease. The AMA-2 machine is simple to operate. Dotted line approach uses less tape than conventional solid striping.

Your areas are marked and ready for work immediately - no downtime or overtime!
