

10/16 Amp 250V 2pin Angled Plug with dual earthing contacts. Type no.ED16A

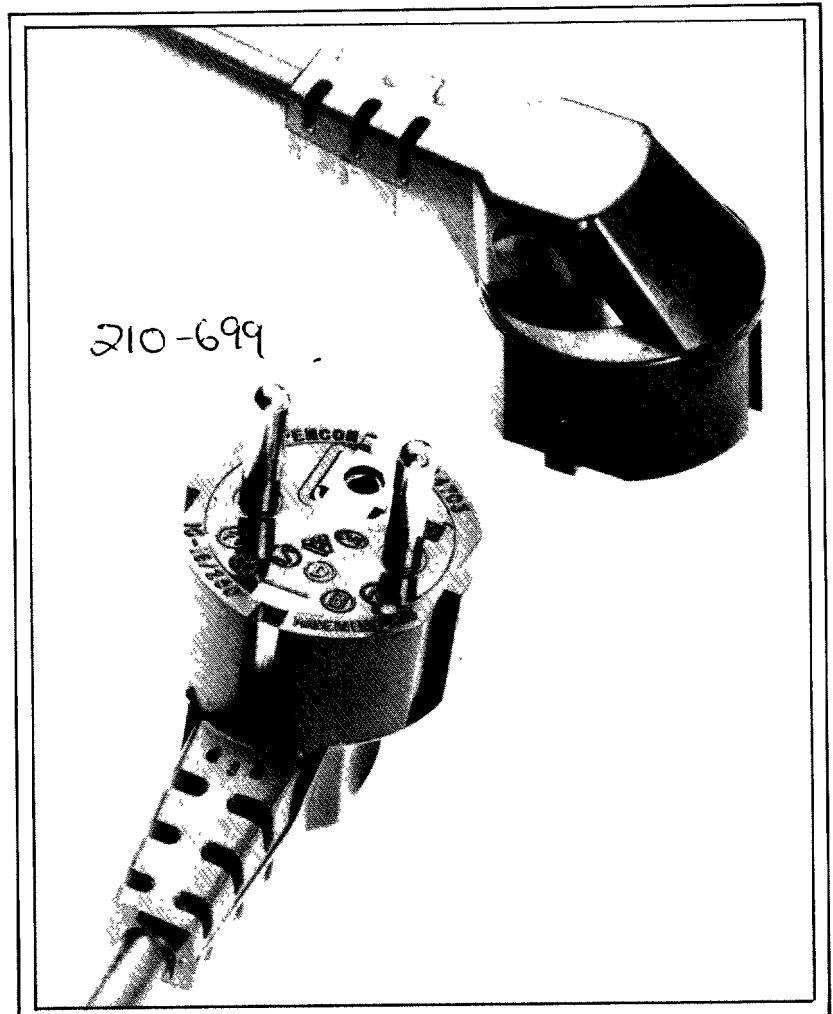

10/16 AMP 250V 2 PIN ANGLED PLUG WITH DUAL EARTHING CONTACTS

The Volex Pencon Angled European plug can be supplied double insulated (Type No. ED 16A) as illustrated or single insulated (Type No. ES 16A).

Incorporating a dual earthing system the plug is suitable for use in the majority of Continental European countries.

With all wire connections crimped for greater safety and reliability, each product undergoes seven electrical tests to ensure correct continuity, polarity and electrical safety.

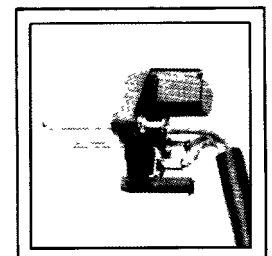

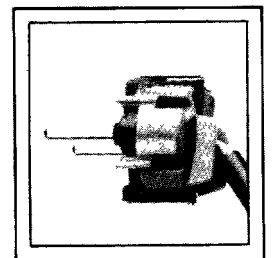

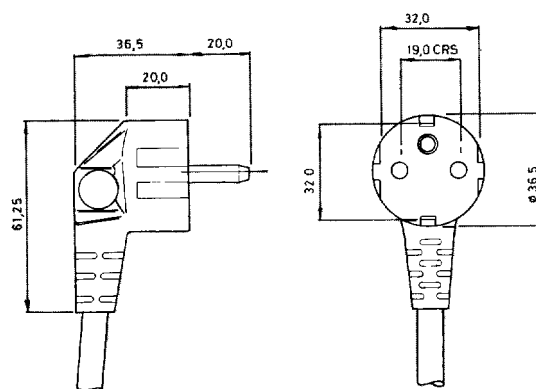

The plug is covered by a wide range of European test house approvals – see appendix.

Specification	CEE7 Sht VII
Operating Voltage	250V
Current Rating	16 Amp a c 10 Amp d c
Insulation Resistance	>10 M ohms
Cable Retention	>50N
Outside Body	P.V C
Terminals	Brass-Nickel Plated
Flexible Cords	See Appendix
Approvals	See Appendix

Earth Continuity	25A
Polarity	
Insulation Resistance L-N	500V d c
Electrical Strength L-N	2.4kV 50Hz
Insulation Resistance L-NE	500V d c
Electrical Strength L-N-E	2 4kV. 50Hz
Safety Test	4kV 50Hz.
