Dangerous for the environment

Labels for dangerous substances must show the following information:

- name of the dangerous substance(s)
- standard symbol or danger symbol
- risk text describing the specific danger
- text informing how risks can be reduced
- name and address of the manufacturer.

The legal duty of all employers to mark dangerous substances

This legal requirement reflects on all stages of the production process and subsequent use: stocking, processing, packaging, mixing, transporting, etc.
Legislation dictates how products should be labelled.

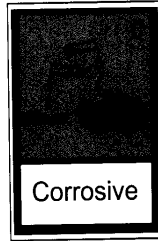

Material: Selfadhesive Vinyl (B-930)
