

Aluminium Transport and Storage Containers

This range of containers is manufactured from aluminium, giving tremendous strength coupled with light weight. Ideal for transportation and storage of valuable or delicate items where weight factor is an important issue.

- Ribbed body for strength with light weight.
- Cast aluminium stacking locators on each corner.
- Tough plastic protected grip handles - weight capacity 35kg per handle.
- Recessed base prevents ingress of moisture when stored on damp floor.
- Retaining strap on lid prevents hinge damage.
- Rubber seal on body/lid point gives showerproof container.

All boxes with the exception of the A833 and A930, are based around Europallet dimensions and are designed to stack and interstack. The diagram below demonstrates that 2 x A620 boxes have the same base area as an A840 box, and 2 x A840 boxes have the same base area as an A1250 box. Corner locators on each box ensure stacked boxes are firmly positioned.

Type	Dimensions W x D x H (mm)	Weight kg	Order ref.
A620	600 x 400 x 240	5.6	025 01 001
A640	600 x 400 x 400	6.5	025 01 002
A833	800 x 400 x 330	8.0	025 01 003
A840	800 x 600 x 400	12.5	025 01 004
A860	800 x 600 x 600	12.5	025 01 005
A930	900 x 500 x 370	9.9	025 01 006
A1250	1200 x 800 x 500	26.0	025 01 007
