# Bezels for CRT-units

## Standard Available Stock Items

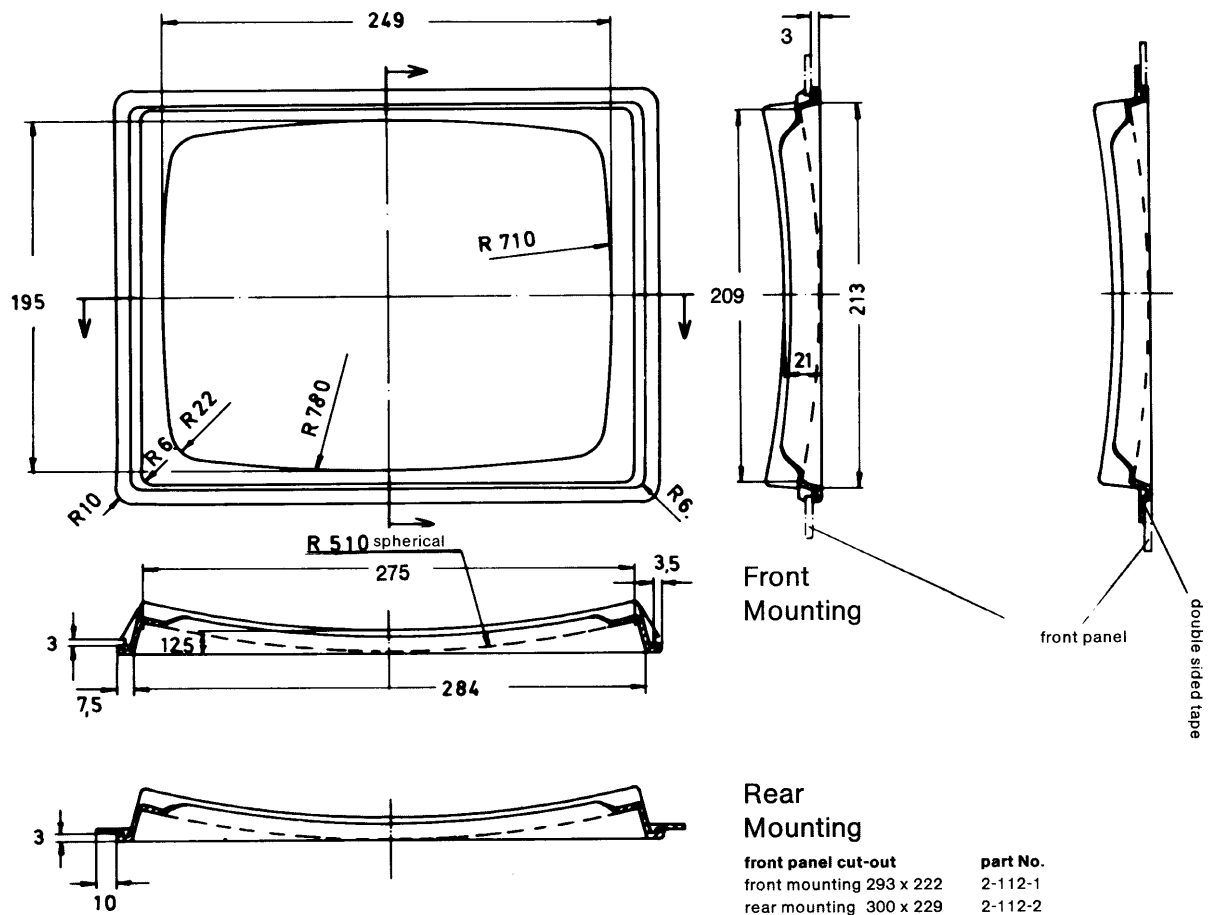

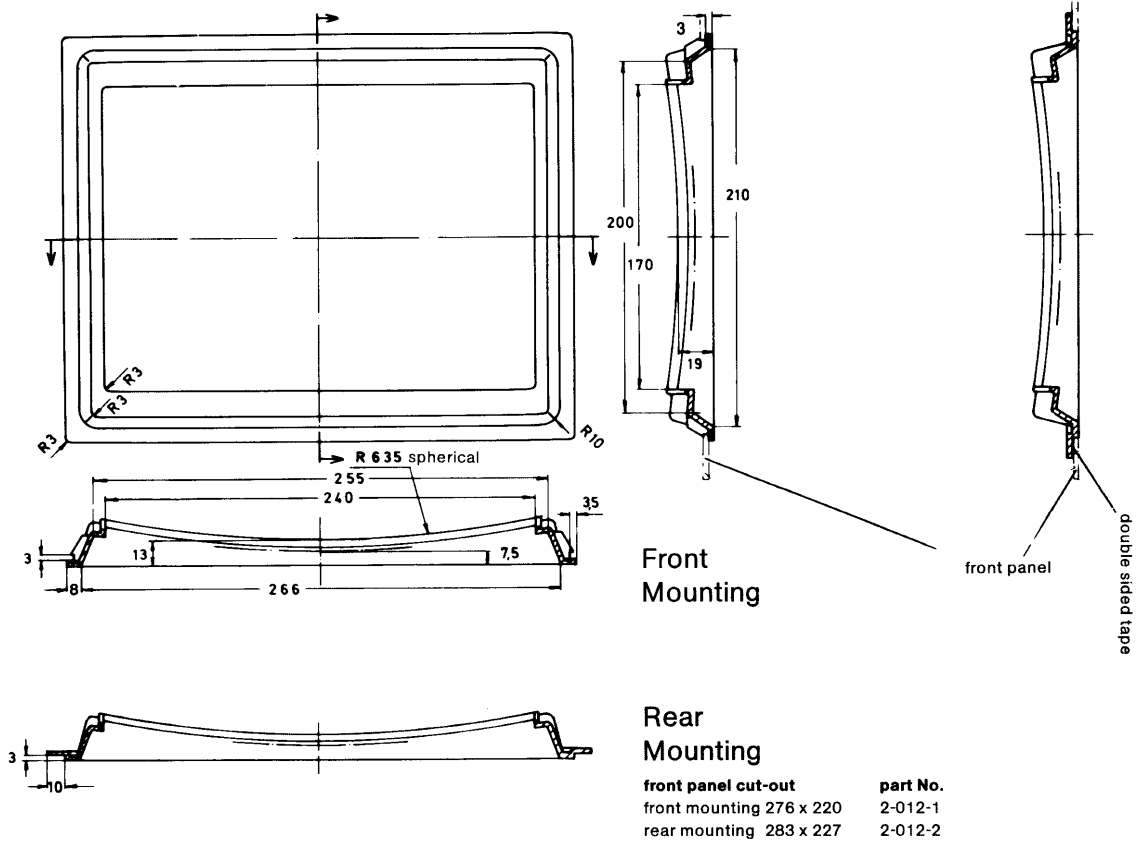

- standard bezels for numerous screen sizes
- two front panel mounting options
- Front Mounting: a simple snap-on procedure firmly secures the bezel in the cut-out of a 3 mm front panel covering cut-out edges (bezel can be modified to accommodate alternative front panel thicknesses on request)
- Rear Mounting: bezel bonded with double sided tape into front panel cut-out without covering cut-out edges
- standard bezels easily adapted to non-standard screen curvatures for minimum quantities of 100
- standard stock item color: black
- special color bezels in minimum orders of 250 with 20% price increase

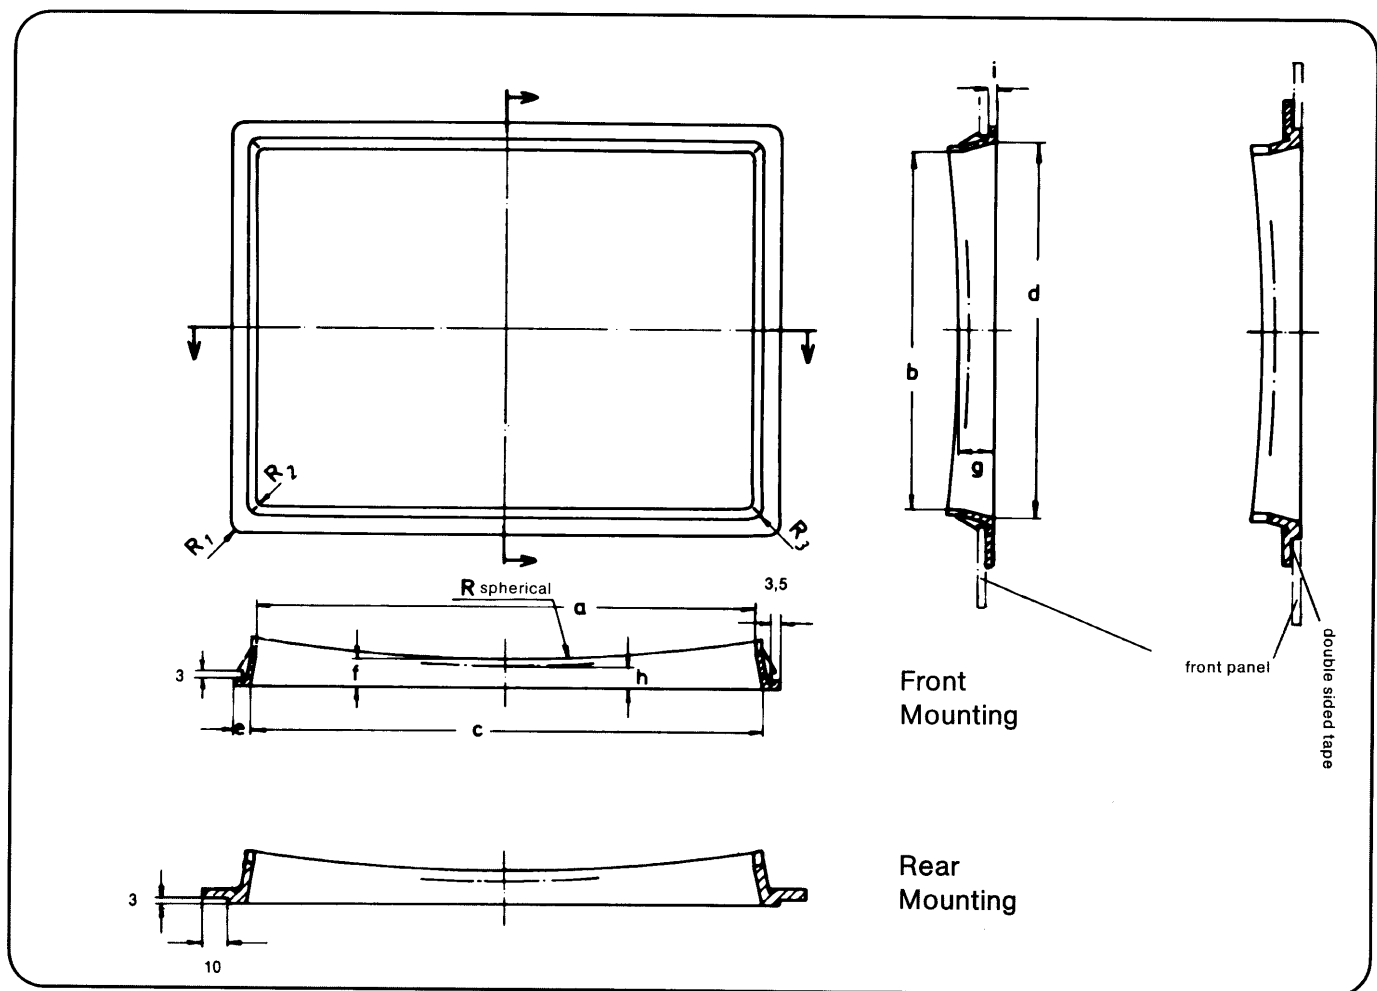

## Tailored to Your Design (Upon request we take over design and mechanical development)

- at competitive low tooling costs
- with short delivery schedules

**ANTIFLEX-Filters:** glare reduction for CRT-units and displays (specifications upon request)

## Bezels for 12" Screens

## Other Available Products:

(specifications provided upon request)

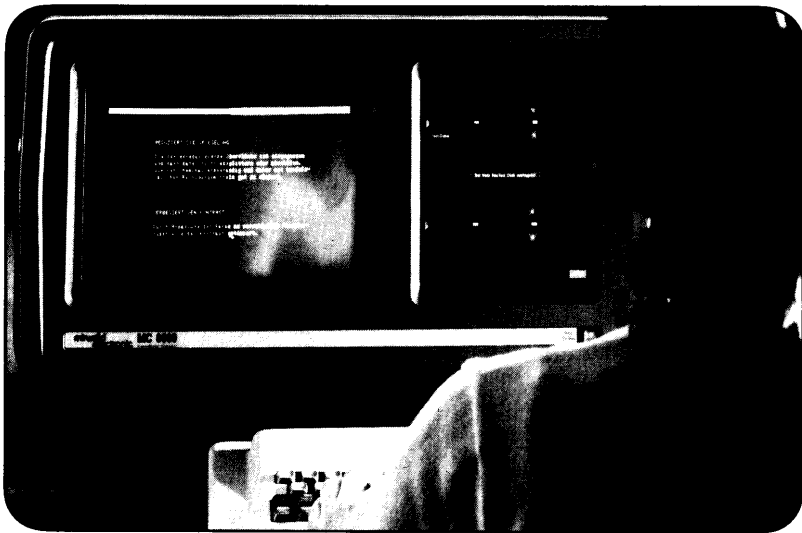

### ◀ Cabinets Manufactured by SFP

- quality, precision surfaces
- low tooling costs
- short delivery time

Additional Service Options with small and medium sized orders include:

- cabinet design
- technical drawings
- specifications

### ◀ ANTIFLEX-Filters for

- CRT-units
- displays (LED, LCD, plasma ...)
- test equipment, read outs ...

This ideal addition helps to reduce reflections and to improve contrast.

### Test Equipment

- Digital Multimeters
- Logic Tester
- Counter/Timer for frequencies up to 550 MHz

for electronic engineers in service and R&D.
