

INTRODUCTION:

Adam Tech TS Series Euro Terminal Blocks offer the advantages of our leading designs while providing one of the lowest applied cost interconnections possible. This series includes 3 variations of our standard block, a microminiature type for ultra space savings and a "screwdriverless" block which reduces assembly time and eliminates tool necessity. Our latest "pluggable" design allows the versatility of pre-assembly and/or post-assembly on the production line or in the field.

FEATURES:

- ☐ Capability to combine 2 and 3 pole units into multi-pole strips
- ☐ Available in multi-pole strips at no extra charge
- ☐ Standard block has choice of 3 wire entry angles
- ☐ Pluggable block with straight or right angle PCB headers
- ☐ New "screwdriverless" block eliminates tools, speeds assembly

SPECIFICATIONS:

Material:

Body: Polybutylene Terephthalate (PBT), glass reinforced thermoplastic, rated UL 94V-0

Body Color: Green

Terminals: Brass, tin plated

Cam Lever: Polybutylene Terephthalate (PBT), glass reinforced thermoplastic, rated UL 94V-0, white color

Screws: Steel, nickel plated

Electrical:

Operation voltage: 250 VAC max

Current rating: 10 AMPS max

Insulation resistance: 2000 MΩ min @ 1000 VDC between adjacent contacts (75°F and 50% R.H.)

Dielectric withstanding voltage: 5000 VAC min rms (sea level)

Mechanical:

Wire Range: 24 - 16 AWG (TSE Series: 22 - 18 AWG)

Tightening Torque: 2.5 in.-lbs.

Wire Strip Length: .250" (6.35)

Environmental:

Operating temperature: -65°C to + 125°C

PACKAGING:

Anti-static plastic bags

APPROVALS AND CERTIFICATIONS:

Recognized under the component program

of Underwriters Laboratories, Inc. No. E130225

Certified by Canadian Standards Association No. LR700747

Verband Deutscher Elektrotechniker (VDE) APL42393

ORDERING INFORMATION

TSA

SERIES INDICATOR

TSA = Micro Block

TSB = Euro Block, Vertical Entry

TSC = Euro Block, Right Angle Entry

TSF = Euro Block, Angled Entry

TSE = "Screwdriverless" Block

TSF = "Pluggable" Block

THR = Header, Right Angle

THS = Header, Straight

2

POSITIONS

TSA / TSB / TSC / TSD
2 thru 24 (2 and 3 pole
versions are stackable)

TSE / TSF / THR / THS
2 thru 24 poles

OPTIONS:

Add as suffix to basic part number (TSE Series)

FL = Flat Lever

MICRO BLOCK

SCREWDRIVERLESS

Unit: Inch / mm
